The La Vernia Historical Association

Established in 2003 and operates the La Vernia Heritage Museum

The early settlers of La Vernia arrived from Spain and Mexico and were the first to claim the tribal lands of Native Americans along the Cibolo. The Republic days of Texas in the 1840s witnessed the creation of settlements in the area when the first wave of settlers came from the Old South in hopes of establishing cotton plantations, followed closely by immigrants from the Prussian Empire, including Ger-

mans and Polish. The settlement was initially given the name, "Post Oak" but in 1859, when it was discovered another town already had the name, it was officially changed to "Lavernia." The spellings, La

Vernia and Lavernia, are also accepted.

Find out more about La Vernia's history by visiting lavernia history. com or in the LaVernia Legacies publications sold at the La Vernia Heritage Museum.

Hospice and Pallaitive Care

Hospice care is a philosophy of caring that assists those nearing the end of life. When time is of the essence, we are dedicated to ensuring that our patients and their loved ones are able to focus on cherishing their final moments together.

A life limiting diagnosis should not stop anyone from living. Our Pro-Life approach is a service that seeks to maintain one's dignity, comfort, and quality of life until the end. Our specialists are always close by to help patients live pain and symptom free while enjoying family and loved ones. Live until you leave!
